### **MUFC MEMBERSHIP MIX-UP**

Dear Member,

Manchester United have inadvertently conducted an auto-renewal and deducted a sum of money which we did not authorize, and it seems that at random selected some members for this auto-renewal and others have been left out and considered as decline. So now they are chasing those that they have considered decline or left out.

We are in correspondence to sort out this mess by telling them that we have so many members registered and the money this represents, and we need to find out from them who are the members that they have included and which are those that they have left out.

**We recommend that if you receive a call or email from MU to tell them politely that you shall renew or have already renewed your membership through the local Branch.**

**What is the point of having a Branch in Gibraltar if they deal with the members directly.**

In the event that you need further information please email or call the Committee.
